Free Trip to Boys.
With the view of giving a special course in agriculture to at least one boy in each county in Kentucky, Commissioner Newman has perfected plans by which each county may visit the State Fair for one week free of charge. He will be brought by the railroad and be boarded while here. A committee will care for the boys at the fair. The boy selected from each county shall be between fifteen and eighteen years old and will be expected to write an essay about his home farm and submit it to the State Fair Board. Under the general title of "The Home Farm," the boys will be required to deal with the following topics

- (a) Describe the farm,
- (d) Why I desire to remain there.
- (c) What changes may be made in the present system of carrying on the farm to insure better financial returns.
- (d) What can be done to make farm life more enjoyable.

Mr. and Mrs. S. T. Hall, of Stanton, have returned from an extended visit to New York and several New England states.

Mr. and Mrs. John Parr, of Cincinnati, are visiting Mrs. Parr's parents, Mr. and Mrs. Ben Mustin.

The Powell County Teachers' Institute is in session this week at Stanton with Prof. McKenzie, of the State University, of Lexington, as instructor.

Pays 5 Years Ahead.

W. G. Blanton, of Mecca, Ind., sends us two dollars on subscription. This makes Mr. Blanton paid up to 1917—five years ahead. If all our subscribers could do so well newspaper life would indeed be a pleasure. But if all will keep paid up to not longer than one year behind so we can send them papers through the mail at second class rates we will be satisfied.

No Race Suicide For Him.

Mr. John S. Brandenburg, of Irvine, Ky., is visiting his son, Mr. L. D. Brandenburg, on Moundale. Mr. Brandenburg is 86 years old, has been married four times and is the father of twenty children. He is also the last surviving guard of Edward Hawkins, the famous criminal whose execution created such an excitement several years ago.—Winchester Sun-Sentinel.

There is some talk of the saloons closing in this month rather than in September. The licenses do not expire until September, but they were allowed in August, and the authorities claim that the date of the license should be the same as the date of their allowance by the city Council.

The Powell County Teachers' Institute is in session this week at Stanton with Prof. McKenzie, of the State University, of Lexington, as instructor.

Wm. Ware Suicides.

Mr. Wm. Ware committed suicide Saturday afternoon by shooting himself in the breast with a shotgun. Mr. Ware had helped his son-in-law, Charlie Clark, that day in a hay field on his place and had left Mr. Clark's after laying plans for Monday's work and was in his usual pleasant manner. When he arrived home he told his family that he would take his gun and go out and look for a young rabbit and have it for supper. The report of the gun was heard, but nothing unusual was thought about that. He was later found dead in the stable near the house. He left nothing to show the cause of his rash act except he had been heard to say he didn't want to see his wife die, and Mrs. Ware has been very low for some time and this cause alone probably prompted him to take his own life.

Deceased is survived by his wife and three children, Mr. G. S. Ware, of Sams, Estill county, Fred Ware, of Vaughn's Mill, and Mrs. Chatlie Clark, of this county. Mr. Ware was morally a model man and citizen and will be greatly missed. He was sixty years old. Funeral services were conducted at his home by Elder Deward Matherly and burial at the Vaughn's Mill Christian church Sunday afternoon.

To Move Mill.

The Lexington and Winchester papers tell us that Brodhead-Garrett's saw mill and planing mill at this place will be moved to Perry county where the company has purchased large boundaries of timber since the building of the L. & E. extension into that county. If these reports are true the change will mean the loss of much to Clay City as the company employs a large number of hands and thereby dispenses with a great deal of money to be expended in our city. If the mill is moved at all, however, it will not be moved until all the timber belonging to the company on Red river is cut up and it will take about two years to do this.

W. H. Parker, of Steilacoom, Washington, stopped over here to see his brother-in-law, Mike King. Mr. Parker was on his return from a business trip to New York city.

Over at London, Ky., the postmaster, Lee B. McHargue, who is general manager of the Mountain Echo, a Republican paper, printed the following editorial June 27th, and some other person is now handling the mails at London.

"Over at Washington sat a man, a self-confessed man of straw, a self-confessed rat driven into a corner, from which he could only extricated by the manipulating of delegates honestly and fairly selected for his opponent, a man who so little worried over the outcome of the Chicago convention knowing as he did, that his lieutenants had left nothing to chance and had stolen enough delegates to make his calling and election sure, that he daily during the deliberation of the convention attended the baseball games or engaged in a game of golf.

"So little did the cause of the people press upon his conscience or weigh upon his heart that he could joke about the fine games and the great plays made by the participants, a man who has made himself the recipient of stolen goods and who is therefore an accessory to the theft of the delegates, a man who denies the divinity of Jesus Christ."

The trusts have found out that nothing pays so well as "dissolution". Following the decree of the Supreme court ordering the Standard Oil trust to dissolve, the value of the monopoly's stock went skyward. The court decree, without changing the trust in any way, except in the matter of administration, amounted practically to a government guarantee to violate the laws. After the decree was issued the trust managers discovered that the monopoly stood in no further danger of government prosecution, and as this danger always had been the chief menace to the trust, it was a great boon to have it removed. According the value of the trust share rose rapidly.

As a result, other trusts have begun to "dissolve". The beef trust has announced a "dissolution" plan, so that it, too, may conform to the Supreme court definition of a law abiding trust. The powder trust did likewise, the decree, in its case, being written by the trust's own lawyers, and later approved by the Federal court of Delaware.

Next to a high tariff, "dissolution" is the best thing that ever happened to the trusts.

The Interstate Commerce Commission, in its report on the express business, sets forth that

while the express companies pay dividends on a capitalization of \$100,000,000, they have an actual capital investment of \$7,000,000. Their chief asset is their contracts with the railroads which contracts are little more than licenses to rob the people. Express rates in this country are ten times what they should be on some classes of merchandise, and as much of their traffic is in food stuffs, the tremendous benefits they enjoy adds directly to the high cost of living.

The statistics show that the manufacturers of tobacco get more for its manufacture than the growers get for raising it and marketing it, though the work attached to its manufacture is not more than one-fourth that required in its growing. That's the way it always is, the farmer produces articles for the manufacturers to speculate on and lay up big fortunes, while the farmer gets a bare living for his labors.

Naturally the alleged attempt to blow up Taft with an infernal machine didn't attract much attention at a time when he is being blown up by "T. R." every day.

Darlingsville.

Luther Smethers, of Lexington, is visiting his brothers, James and Fred Smethers, of this place.

Roy Bowman has been laid up for several days with some kind of trouble in limbs. He is now improving some.

School has been closed this week while our teacher, Miss Lillie Boone, is attending the Teachers' Institute this week at Stanton.

SPOUT SPRING.

Mr. and Mrs. R. A. Kirby visited relatives at Waco last week.

The infant child of Mrs. Livia Williams, deceased, died of whooping cough in Powell county and was brought here Tuesday for burial at Jackson's Chapel.

Fat men are not smiling these days.

Guard Your Children Against Bowel Trouble

Many children at an early age become constipated, and frequently serious consequences result. Not being able to realize his own condition, a child's bowels should be constantly watched, and a gentle laxative given when necessary. Dr. Miles' Laxative Tablets are especially well adapted to women and children. The Sisters of Christian Charity, 531 Charles St., Luzerne, Pa., who attend many cases of sickness say of them:

"Some time ago we began using Dr. Miles' Laxative Tablets and find that we like them very much. Their action is excellent and we are grateful for having been made acquainted with them. We have had good results in every case and the Sisters are very much pleased."

The form and flavor of any medicine is very important, no matter who is to take it. The taste and appearance are especially important when children are concerned. All parents know how hard it is to give the average child "medicine," even though the taste is partially disguised. In using Dr. Miles' Laxative Tablets, however, this difficulty is overcome. The shape of the tablets, their appearance and candy-like taste at once appeal to any child, with the result that they are taken without objection.

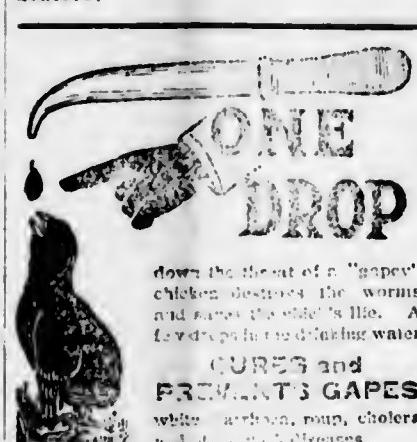

The rich chocolate flavor and absence of other taste, make Dr. Miles' Laxative Tablets the ideal remedy for children.

If the first box fails to benefit, the price is returned. Ask your druggist. A box of 25 doses costs only 25 cents. Never sold in bulk. **MILES MEDICAL CO., Elkhart, Ind.**

Indian Killed on Track.

Near Rochelle, Ill., an Indian went to sleep on a railroad track and was killed by the fast express. He paid for his carelessness with his life. Often it is that way when people neglect coughs and colds. Don't risk your life when prompt use of Dr. King's New Discovery will cure them and so prevent a dangerous throat or lung trouble. "It completely cured me, in a short time, of a terrible cough that followed a severe attack of Grip," writes J. R. Watts, Floydada, Tex. "and I regained 15 pounds in weight that I had lost." Quick, safe, reliable and guaranteed. 50c and \$1.00. Trial bottle free at all dealers.

Electric Bitters

Succeed when everything else fails.

In nervous prostration and female weakness they are the supreme remedy, as thousands have testified.

FOR KIDNEY, LIVER AND STOMACH TROUBLE

It is the best medicine ever sold over a druggist's counter.

Are You Blue and Worried?

Nervous? Some of the time really ill? Cold easily and frequently suffer from biliousness or headache? The reason is that your system does not rid itself of the poisons in the blood; just as impossible as it is for the grate of a stove to rid itself of clinkers. The waste does to us exactly what the clinkers do to the stove; make the fires burn low until enough clinkers have accumulated and then prevent its burning at all. Your liver is sluggish—you are dull and heavy—sleep does not rest, nor is food appetizing. In this condition illness develops. Doctor Pierce's Golden Medical Discovery eradicates the poisons from the body—a glycerine alternative extract made from bloodroot, golden seal and mandrake root, sassafras and queen's root, without the use of alcohol. No matter how strong the constipation the stomach is apt to be "out of kilter" at times; no consequence the blood is disordered, for the stomach is the laboratory for the constant manufacture of blood.

Mrs. REBECCA BLAKE, of Port Dover, Ont., Box 26, writes: "I have been a great sufferer for years from throat trouble, enteritis, indigestion, female troubles, bloating, constipation and nervousness—at times I would be in bed, then able to be up again. Was under many different doctors' care, but nothing would help. I took Dr. Pierce's Golden Medical Discovery and Dr. Sage's Catarrh Remedy. I have taken the 'Golden Medical Discovery' and 'Pleasant Pellets,' and have used five bottles of Dr. Sage's Catarrh Remedy. I am now able to do my work and live with pleasure. I feel like a new woman. I enjoy everything around me, thank God for letting me live long enough to find something that made me well again."

Dr. Pierce's Pleasant Pellets regulate liver and bowels.

PARKERS BIG SHOWS

INCLUDE NEW ATTRACTIONS AND SURPRISES FOR THE PUBLIC.

Company to Appear at the Blue Grass Fair is the Best and Most Complete That Have Visited Kentucky.

This year, as each year past, the Parker Shows have added new attractions and surprises for the public, founded and perfected only by great labor, patience and skill, with no spare time and money to make their organization that which it now is, the most complete and best equipped carnival company touring the country today. The repertoire of new ideas and novelties advanced are far above the old stereotyped carnivals of a few years ago. Many new and startling features will be presented for the first time to the amusement loving public.

The new attractions, the new riding devices, the new factories are the most unique and far removed from all others. The Parker Shows have been made popular by their clean class and character of everything undertaken. Nothing of a questionable nature has ever been tolerated. The usual catch-penny affairs, games of chance, etc., have always been conspicuous by their absence. The Parker Shows are entitled to most of the credit due to elevating the carnival business to the high plane which it has reached. Their motto has ever been, "Cleanliness and Morality."

The company this season is the largest, best and most complete ever turned out of the Parker Factories. Consisting of 580 people, traveling on their own special train of thirty-five double length cars. Three powerful electric light plants that supply current to thousands of decorative lights that gives the mid-way all the appearance of real fairy land. Three sensational free attractions and a big thirty-five piece, all solo musicians, concert band that give concerts twice daily.

A Strong List of Attractions.

A list of the attractions to be presented by the Greater Parker Shows, which are contracted to furnish the amusement features for the Blue Grass Fair, may be of interest to the public, so these intending to visit will be in a position to know just what they will see. There are no less than eighteen separate and distinct attractions. In this long list there is not one that could offend the most sensitive.

To commence with the band is one of the very best ever organized with any traveling company. Composed of thirty-five solo artists, under the directorship of Victor Estic, a conductor of wide reputation, this band is considered equal to any of the noted concert bands now touring the country, and the music loving people of Lexington and the surrounding country are promised a treat of rare excellence, of both classical and popular selections.

Miss Wilson, Soloist.

Assisting the band is Miss Corine Wilson, the lady that "sings to beat the band." Miss Wilson has a beautiful, clear, high soprano voice that she has no trouble in making heard above this large musical organization, and has been featured with Helen May Butler, Brooks and others of the leading musical and concert organizations.

Chefalo's act of looping the "Death-Trap Loop" is one of the most sensational, reckless and death-defying exhibitions ever conceived as an amusement feature. Chefalo, starting from the top of a hundred-foot runway, mounted on a bicycle, dashes down a steep and narrow pathway 150 feet in length, entering and riding a complete circle of the interior of a loop 26 feet in diameter. He enters the loop through an opening on one side. As he circles the interior of the loop and hangs suspended from the extreme top, head downward, with nothing sup-

porting him but the tremendous momentum which he has acquired, his bicycle crosses a spring connected with the "death-trap" below, which closes the entrance and opens an exit on the opposite side, through which Chefalo concludes his exhibition by making a flying leap through mid-air and landing on a platform 30 feet away. From the time Chefalo starts his ride until he finishes is exactly five seconds. From the time his wheel crosses the spring that closes the "death-trap" until the rider enters onto the trap is just three-quarters of a second. An exhibition of nerve and daring that is conceded as being the limit of all human recklessness.

"The Great Bertini," world's greatest unicyclist, is another meritorious exhibition of nerve, science and skill. Bertini mounts to the top of a lofty spiral tower 90 feet in height, the runway of which is eighteen inches in width, on one wheel of a bicycle, and again descends amid a beautiful display of fire-works. An exhibition of daring that defies all laws of gravitation.

Repertoire is Varied.

The repertoire of shows and attractions are of such a varied description that no matter what your desire for amusement there is something that is sure to meet with your desire. Everyone of which the company guarantees to be clean, moral and of refined nature.

Commissioner's Sale.

Powell Circuit Court.

Gaar Scott & Co., Plaintiffs, versus Chas. Roundtree, &c., Defendants. Notice of Sale in Equity.

By virtue of a judgment and order of sale of the Powell Circuit Court, rendered at the June Term, 1912, thereof in the above cause, the undersigned will on the 5th day of August, 1912, at 1 o'clock p.m., or thereabout, (being Court Day,) I will, proceed to offer for sale at Public Auction to the highest bidder, on a credit of six months, at the Court House door, Stanton, Ky., the property mentioned in the judgment, to-wit:

The tract of land described in the petition, being known as the land bought from W. S.
